

COVERING MORE PEOPLE IS A GOOD DEAL FOR UTAH!

Utah contributes

\$364
million

Brings in federal money

\$5.2
billion

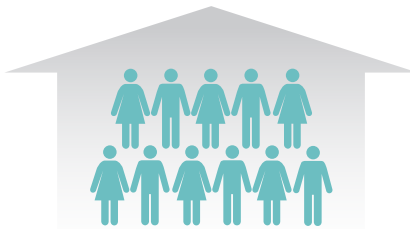

Utah can also save on healthcare costs

\$101
million*

Utah can cover more people

189,000**

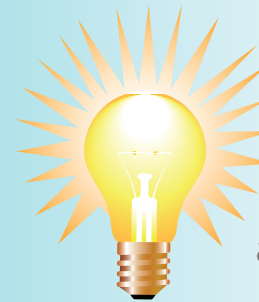

And reduce the uninsured by over

54%

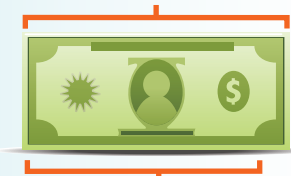

Covering more people through Medicaid is a smarter use of healthcare dollars!

It's a good deal.

100%
federally funded at the beginning;

and ultimately **90¢** on the dollar

*The decrease in uncompensated care costs is based on spending by states and localities on grants to hospitals and clinics, the state share of Medicaid DSH payments, state and local support for graduate medical education, public hospitals, and indigent care programs.

** Number is based on those newly eligible under the expansion and does not take into account any increase in enrollment that would have occurred under the ACA without the Medicaid expansion.
