

FEEDBACK WORKSHEET

Cover the Uninsured Week

National Health Reform and Utah

March 25, 2009

Since we had limited time for questions and answers, we wanted to create a tool that would allow you to give more in-depth feedback about the proposed national reforms. Please fill out this form and give it to the meeting facilitator before you leave. Thanks for your input!

Check the box that best represents your beliefs
1=strongly disagree...3=neutral...5=strongly agree

I. Public Plan Option					
	1	2	3	4	5
A public plan should be created by the federal government as an option for consumers and small businesses as long as it is a fair competitor with private plans.					
Questions and/or Comments

II. Coverage					
	1	2	3	4	5
Employers who do not offer health insurance should pay a small fee (excluding small businesses).					
An individual mandate (requiring all Americans to have health care coverage), should be implemented if affordable coverage is available.

III. Funding		1	2	3	4	5
The federal government should make the necessary investments (or “downpayments”) to reform the US health system <i>this year</i> .						
Rank how you feel about the following funding options:						
Reducing itemized deductions for families with incomes over \$250,000						
Taxing health benefits						
Improving Medicare/Medicaid payment accuracy						
Reducing Medicare overpayment to private plans						
Implementing evidence-based medicine to contain costs						
Questions and/or Comments
