### Instructions for Use

Cut along dotted lines, copy, and distribute.

When the Legislature is in session, the best way to talk with legislators is to call the House & Senate phone #s (note toll free #s!).

Chances are you will need to leave a message. Ask the legislator to call you back and leave your phone #. The legislator will probably call you back, especially if you are respectful.

### IMPORTANT

Please call UHPP to share feedback from your conversations with legislators: (801) 433-2299.

*Please join us in thanking Nancy Amidei, civic engagement guru extraordinaire, for her cellphone idea.*

Thanks and enjoy!
