Shopping for health insurance can sometimes be confusing and stressful. That's why Take Care Utah is here to help. Starting November 15th, Utahns will be able to sign up for health insurance and receive financial assistance during the open enrollment period. Take Care Utah is a partnership between the Utah Health Policy Project, the Association for Utah Community Health, and the United Way of Salt Lake 2-1-1. They connect people with trained enrollment specialists across the state of Utah to help them find affordable healthcare coverage. All services are provided free of charge. You can contact an Enrollment Assistor who can answer your questions and help you decide the best health insurance option for you and your family. Go to TakeCareUtah.org or call 2-1-1 to get started. Open enrollment ends on February 15th. SelectHealth recognizes the expert assistance provided by the Utah Health Policy Project as another example of how Utah Gives Back.
