

This Is What They Want To Do

Allow discrimination against kids and adults with pre-existing conditions—including denials, waiting periods, and higher premiums

Impose annual and life-time caps for all insurance benefits

Bring back unaffordable high-risk pools to segregate sick people

Raise premiums for women and older Utahns [age 40+]

Charge extra for preventive care, well-child checks, autism screening, immunizations, mammograms, and physical exams

Eliminate essential health benefits—letting insurers skip coverage for maternity care, cancer, diabetes, mental health, and emergencies

Cut premium subsidies for low- and middle-income families

... These Utahns Would Be Impacted by Repeal of the ACA ...

197,187 Utahns covered by ACA marketplace insurance as of 1/31/17—an increase of 12% from 2016 [Utah has 3rd fastest growth rate in the nation]

50,000 Utah kids covered by ACA insurance—the highest percentage [25%] in the nation.

Highest ACA enrollment in Lehi, South Jordan, American Fork, Pleasant Grove, St. George, and Draper—88% of Utah enrollees receive premium subsidies

300,000 Utah senior citizens who pay less for prescription drugs because the ACA is closing the Medicare ‘Donut Hole’

500,000 Utahns with pre-existing conditions who don’t need to worry about losing coverage if they move or change jobs

50,000 babies born each year in Utah who now receive free well-child checks while moms get post-partum depression screenings
